

# HERE'S the POINT

By SPENCER HELD

This is National Newspaper Week, and if I were Dr. Walter Teutsch of Cal Western University I'd celebrate it by putting the torch to a big pile of Sunday newspapers while my brasses, woodwinds, kettledrums and gongs played a thunderous Wagnerian requiem.

Last Sunday there appeared a photo labeled thusly: "Dr. Walter Teutsch is director of music faculty at San Diego's California Western University."

Yeah, only the photo bore a strange resemblance to Dr. William C. Rust, CWU president. In fact, it was Dr. Rust.

Not long ago one of the papers reported that somebody would SINK the role of the Mother in the CWU Opera Workshop performance of "Hansel and Gretel."

And then they "sank" the production without a trace, giving the wrong dates.

In the October issue of San Diego Business, published by the S. D. Chamber of Commerce, appeared a quotation from the late William Allen White, famed editor of the Emporia Gazette. Here it is:

"The Chamber of Commerce modifies the innate cussedness of the average penny-pinching, narrow gauge, human porker, lifts up his snout, makes him see farther than his home, his business and his personal interest, and starts him rooting for his community."

"A man, no matter how greedy or squire-eyed he may be, cannot work a year on a committee of his town's Chamber of Commerce without being a better father, a better husband, and a better citizen."

Jerry Ohlin, 210-pound tackle from Point Loma High, was outstanding in a strong San Diego State College line that overpowered the Pepperdine College forward wall in Aztec Bowl Saturday night.

The State tackle corps includes Bill Ledford, 6-4 and 260; Ron Molony, 6-5 and 250; Bill Neal, 6-2 and 230; Don Dickerson, 6-2 and 205; Ray Fackrell, 6-0 and 217; Simon Carey, 6-2 and 195; and Luther Whitley, 6-3 and 302.

I'd say that Jay Gutowski, 195-pound guard, is State's best lineman. He's a La Jolla boy.

Boy, indeed! He's 25 years old and served a hitch in the Navy, as I remember.

On Sept. 19, Coach Gil Kuhn of the University of San Diego (in its first year of football) was quoted as saying that "We've got a squad that could beat San Diego State right now."

Well, USD lost to the Air Force Academy (in its second year of football) by a score of 46-0 Saturday.

Kuhn has a long way to go... Right now State would run up an astronomical score on USD, in my opinion.

Over the years the Aztecs have defeated such teams as the University of Arizona, Utah State, Brigham Young University, San Jose State, College of the Pacific, and University of Hawaii.

And Loyola of Los Angeles, when it was playing a big-time schedule. Loyola dropped football several years ago, apparently because of heavy expense and meager gate receipts.

USD may become a football power—but not in one season.

Anyhow, the sports page prominence of a college has nothing to do with its academic excellence. Harvard, Yale and Princeton, the original citadels of football, have long since abandoned high-pressure competition and are satisfied to play each other.

U. of Chicago, one of the best, does not field a team.

When Cal Western starts playing football for fun, I'll be rooting for 'em.

Hi, Dr. Rust!

## Illuminated Cross To Be Dedicated

An illuminated cross on the dome of the San Diego County Council of Churches Building atop Point Loma will be dedicated at ceremonies at 5:30 p.m., Sunday, Oct. 7, to which nearly 3,000 church and civic leaders have been invited.

Visible at sea and in many parts of San Diego, the cross is a gift of Walker Scott store employees in memory of the late Mrs. Eliza F. Walker, wife of Ralf Marc Walker, the store's founder. The Walkers were foster parents of George A. Scott, store president.

## Church Is Source Of Great Courage For Stricken 16-Year-Old Girl Here

By ADALINE DUDLEY

Irene's time was up Sept. 19.

A year ago the doctors gave this 16-year-old Midway area girl a year to live—and each day she grows weaker. Recently she told her school tutor not to return; she was too weak to continue her studies. Irene has cancer.

Attractive daughter of Mr. and Mrs. William Jarunczyk, 3340 Frontier St., Irene has been a member of the choir at the Pacific Portal United Presbyterian Church for more than five years.

"The church has been the source of her courage in the face of this disease," her mother said. "Irene is truly a real soldier."

It was just two years ago

that Irene underwent abdominal surgery. She returned to Dana Junior High School and was promoted. The trouble persisted, however, and a year later another operation revealed the dread disease.

Friends and Sunday School classmates helped Irene celebrate her 16th birthday on Sept. 18. Irene has an older sister, Rose Marie, 17, a senior at Point Loma High School, and a brother, William Jr., 9, who attends Frontier Elementary School.

A belated birthday greeting to you, Irene. May your faith and courage produce another miracle, and may you have many more birthdays with your friends.

## O. B. Moose Lodge Wins Community Service Citation

Ocean Beach Moose Lodge won a special citation in the 1955-56 Moose International community service awards competition.

Announcement of the award was made at the annual International Moose convention at Chicago.

Official presentation of the citation will be made at ceremonies in the local Moose Lodge, according to Carl A. Weis, director of civic affairs for the Moose. Reginald Mattson was chairman of the local Moose civic affairs committee; he will be awarded a framed certificate of merit by the international committee.

The O. B. Moose Lodge also won first place in civic affairs at the state convention in Santa Monica last month.

## Youth Orchestra Auditions Set

Auditions for places in the Civic Youth Orchestra, a new symphony group being formed for advanced instrumental students throughout San Diego County, will be conducted this weekend at two locations, directors of the organization announced today.

Daniel G. Lewis, assistant conductor of the San Diego Symphony Orchestra and head of the music department at Helix High School, has been engaged to conduct the Civic Youth Orchestra. Lewis said a balanced symphony orchestra of approximately 80 members is planned. Auditions will be held Saturday and Sunday at Helix High School, 7323 University Ave., and at 2440 Front St.

The audition schedule at Helix will be from 9 a.m. to 3 p.m. Saturday and from 9 a.m. to noon Sunday. Auditions will be conducted at 2440 Front St. from 4:30 p.m. to 9 p.m. Saturday and from 1 p.m. to 4:30 p.m. Sunday. Appointments for auditions may be made with Mrs. Conant Moulton, 8229 Pasadena Ave., La Mesa.

A non-profit corporation has been formed to administer the orchestra. The Civic Youth Orchestra will be largely self-sustaining through dues paid each semester by participating members. Several types of non-performing memberships also have been set up.

There are no fixed age limits for orchestra members, Lewis said. It is intended to fill a need for a more advanced orchestra between high school and the professional San Diego Symphony levels.

## Point Loma High To Encounter San Diego Friday

Point Loma High School's football team, defeated by strong Riverside High last week, will take on San Diego High's defending City League champions in Balboa Stadium Friday at 8 p.m.

This is a big one and the locals could win if they play like they did against Hoover last season. Coach Bennie Edens announced the following tentative offensive lineup: Roger Sneed and Jim Lunsford, ends; Fred Azevedo and Ned Smith, tackles; Leigh Coppock and Joe Welch, guards; Richard Hall, center; Jerry Booth, quarterback; Phil Meyer and Willie Dickey, halfbacks, and Bill Bradford, fullback.

On defense: Paul Stoltz and Jim Allin, ends; Nick Verduco and Vernon Eppley, tackles; Joe Varley and Leigh Coppock, guards; Joe Langlais and Joe Welch, linebacksers; Tony Silva and Ted Faris, halfbacks, and Doug Minton, safety.

In the Riverside game last Friday, Meyer scored both touchdowns for the Pointers. Welch and Silva were outstanding.

Point Loma scored first and it was a close contest until the final quarter when the locals ran out of gas.

## SLOGAN CONTEST

Christine Emery, of 1470 Evergreen St., was last week's winner in the Peninsula News Boosters Slogan Contest. Turn to Page 8 for her winning slogan and details of the weekly contest.

## Point Loma PTA To Meet Monday

Pt. Loma High School PTA will hold its first meeting of the year Monday, Oct. 8 at 7 p.m. in the school cafeteria. All mothers and fathers of Loman students are invited.

The short meeting will be followed by a "Parents Go To School" program, held successfully for the first time last year. Parents will follow their children's programs on a shortened schedule of 10-minute periods, after which refreshments will be served in the cafeteria.

Monday also will mark the beginning of a concentrated drive for new members of the Pt. Loma PTA. The executive board meeting last week under the leadership of Mrs. Wilbert Chapman, president, set a goal of 800 members.

## Gala Party Set For Adults Here

A gala evening of ballroom dancing, mixer games, square dancing with Dale Durbin, caller, and cards is planned to provide entertainment for all adults in the Ocean Beach area.

The "Hi, Neighbor Party," sponsored jointly by the Ocean Beach Parent-Teacher Association Executive Board and the Ocean Beach Civic Committee, will be held Saturday, Oct. 13, from 7:30 to 10:30 p.m. at the Ocean Beach Community Center, with a suggested donation of 50¢ per person.

A special "Free Snack Bar" will be open for appetizers throughout the evening and coffee and cold drinks will be available. A special invitation is extended to all men to come and bring their wives, friends and neighbors.

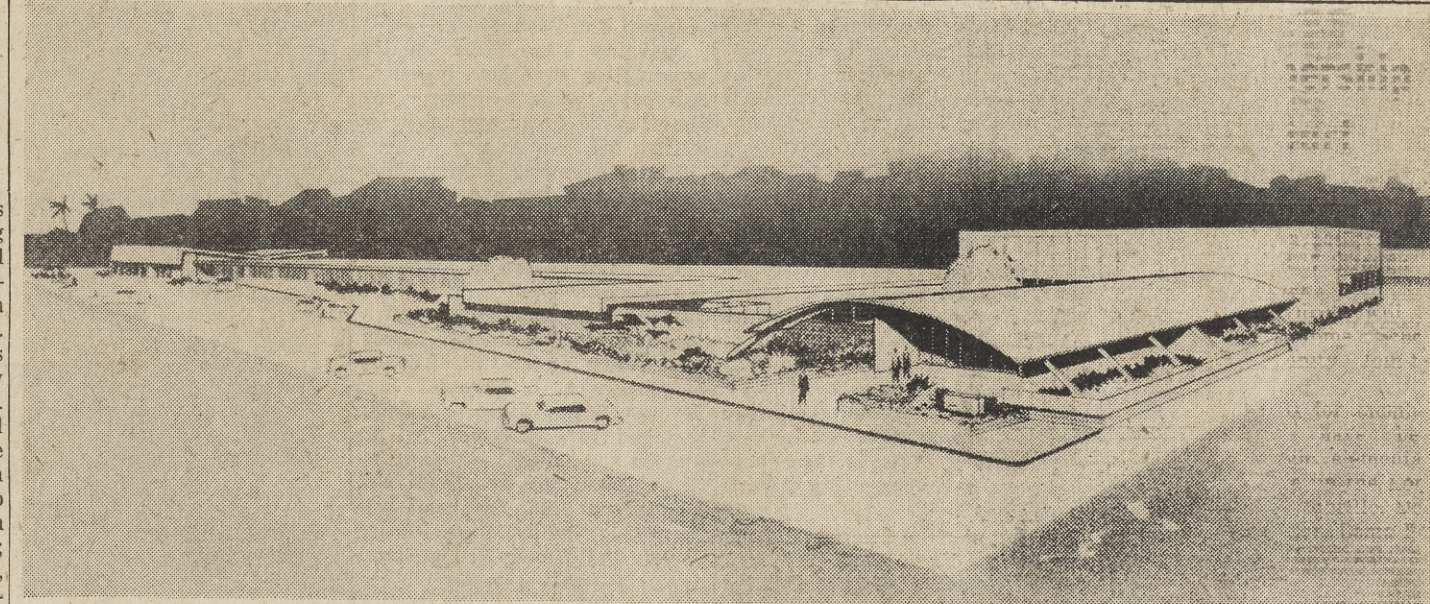

Don't sign any papers, until you read them fully and understand them. When you do sign, your San Diego Better Business Bureau reminds you to keep a checking copy for yourself.

## 'Carousel' Theme Of Fall Bazaar

"Fun and games." "Carousel," theme of the annual fall bazaar which Trinity Episcopal Church announces for Oct. 13 in Wallace Hall and on the church grounds, promises carnival gaiety. Booths will be open from 10 a.m. into the early evening. Dinner will be served from 5 to 7 p.m., and a snack bar in Mexican manner will be open from 10 a.m. to 5 p.m.

Comdr. Charles Wood is general chairman, and Warren McAfee, co-chairman.

Colorful decorations will include some descriptive naming of booths, as "Golden Thimble" for the needlework table chairmaned

**PROFESSIONAL**—Architect's rendering of "Horizon House," the new building and property development center on Rosecrans St. It brings together all services required for planning and building.

## Unique Professional Center Completed

Southern California's largest professional center designed specifically for businesses and services engaged in property development, as well as residential and commercial construction, has been completed at 3252 Rosecrans St.

The unique structure, called "Horizon House," will bring together under one roof all ser-

vices—including architecture, engineering, land development, interior decorating and landscaping—required for the planning and building of everything from a bungalow to an apartment or modern factory building.

"Horizon House," designed by Richard George Wheeler (A.I.A.) and Associates and owned by Wheeler and Clair W. Burgen-

er, realtor, covers 15,250 square feet of floor space on a one-acre site.

A dramatic highlight of the structure is the administrative wing which utilizes a series of six laminated arches, each a circular segment 72 feet long, covered with two-inch, tongue-in-groove fir decking. The arches are anchored at ground level to con-

crete buttresses which distribute the roof load.

"Horizon House," according to Wheeler, will offer the area's first "one-stop" building and property development service.

"The entire site has been designed to provide a complete but unhurried service with a structure and landscaping typical of California-type living," he said.

## Local Chamber Of Commerce Asks Exact Location Of Proposed Plant

The Ocean Beach Chamber of Commerce has asked the City for information as to the exact location of the proposed seawater conversion plant in this area.

In a letter to Mayor Charles C. Dail and City Manager O. W. Campbell, President Bill Knopp declared there is no objection to location of the project in Ocean Beach.

"The citizens of this area, however, do object to its being located in any part of the 57 acres which have been allocated as a recreation area and playground for Ocean Beach," he wrote.

The U. S. Reclamation Bureau has applied to the City for a lease on 4.9 acres of Mission Bay Park land for a seawater conversion plant. General location is

south of the flood control channel.

This project was discussed at the Sept. 26 Chamber membership meeting in Madeline's Dining Room, which was well attended.

Other subjects discussed were the type of Christmas street decorations to be installed this year, and the appointment of a committee to formulate a master plan for the development of Ocean Beach.

The Chamber expressed thanks to Jo's Flower Shop for the beautiful table decorations.

Next general meeting will be a dinner at Madeline's during November, when the 1957 Board will be elected, according to Secretary John Pierce.

## Peninsula Groups Endorse Schools' Ballot Proposals

Five Peninsula area groups have joined the list of organizations endorsing the City Schools' two financial propositions which will appear on the Nov. 6 general election ballot. These are the Northwest YMCA, Ocean Beach Chamber of Commerce, Ocean Beach Kiwanis Club, and Parent-Teacher Associations of Cabrillo and Loma Portal Elementary Schools.

The measures have now received endorsements from 58 San Diego groups.

Proposition K would allow the Board of Education to issue up to \$27 million in bonds for construction of new schools and expansion of present facilities to provide for expected increases in enrollment up to 1960. The other measure, Proposition L, would allow an increase in the tax limitation for school operating costs from the present \$2 rate to \$2.80 per \$100 of assessed valuation, to be effective for an eight-year period.

The Chamber of Commerce stated that "the bond issue is essential to provide adequate school facilities for San Diego's rapidly and continuously growing school population."

In its resolution, the Ocean Beach Kiwanis Club called attention to the necessity of "increasing the tax ceiling to permit the Board of Education to secure funds for maintaining the present educational program for the children of San Diego."

## Chamber Office At New Location

Office of the Ocean Beach Chamber of Commerce, located in the Peninsula News Bldg. for several years, was moved Monday to a new location at 1835 Bacon St., Secretary John Pierce announced.

The new location is where residents formerly paid their gas and water bills, Pierce said.

Office hours will remain the same—9:30 a.m. to 12 noon, Monday through Friday. The telephone number is AC-3-9767.

## O. B. 20-30 Club Installs Officers

Bert Armstrong, district governor, installed officers of the Ocean Beach 20-30 Club recently at a dinner meeting in the Town and Country Club, as follows:

Don Putzier, president; Oscar Knauer Jr., vice-president; Bob Hurt, secretary; Bert Peart, treasurer, and Jim Gallaher, sergeant-at-arms.

Two new members of the club are Bob Smith, of the U. S. Navy, stationed at NTC, and Stan Smith of the O. B. Branch, Bank of America. They are not related.

## Squibb Represents S. D. At Traffic Safety Conference

San Diego's public high schools for the first time will have an official student delegate to the annual Governor's Traffic Safety Conference, scheduled Oct. 4-5 in Sacramento, Superintendent Ralph Dillard said this week.

Gael Squibb, 17, Point Loma High school senior, will represent the city's high schools in the traffic safety discussions. His expenses to the conference have been underwritten by student bodies of the city's high schools.

Joseph Robinson, principal of Carson Elementary School, also will attend the conference as a representative of the Board of Education. He will participate in a panel discussion on responsibilities of the junior traffic patrol.

Squibb is chairman of the student safety committee at Point Loma High, and is a member of the Teen-Age Traffic Safety Council. Last year he won second place in the teen-age safe driving contest in San Diego and finished 11th in statewide competition at Fresno.

## PTA Membership Drive To Start

Sitting a goal of 82,000 members, the Ninth District Parent-Teacher Association has designated the week of Oct. 7 through 13 as Membership Week.

Slogan for the drive will be "Invest in Your Home, School and Church Community—Join the PTA."

Active campaigns for membership recruitment have been planned by the eight elementary schools which make up the Loma Council. They are: Cabrillo, Dewey, Fremont, Frontier, Loma Portal, Ocean Beach, Silvergate and Sunset View.

Seven hundred is the membership goal set by the Ocean Beach PTA, with Mrs. C. W. Johnson as membership chairman.

Participation of fathers is especially emphasized. Membership envelopes and further information will be sent home with the children on Oct. 8.

## KNIGHT IN ARMOR

Traffic was tied up at a busy time on Voltaire St. last week. An Ocean Beach matron, whose eyes were obviously larger than the two huge grocery sacks she held in her arms, was crossing the street. A package of cottage cheese fell from one of her overloaded bags, and rolled away.

While dozens of drivers behind him waited patiently, a chivalrous young man stopped his car, retrieved the rolling cheese, joined the owner at the curb and replaced the box on top of the groceries. He returned to his car and the steady stream of traffic resumed.

Motor vehicles in the United States killed 8,200 pedestrians and injured 150,000 during 1955, according to the National Automobile Club.

## Look: A Small Workbench

EVEN a simple table can be made into a workbench. If there's limited space, a small table, of the right height, will serve, or build a table just the size you want. It isn't difficult with framing lumber, shipyard boards for a top and a working surface of Masonite 1/4" Tempered Presdwood.

Any way you look at it, the bulky workbenches of yesteryear have given way to a more compact variety. Many are less than two feet wide, for example, and some aren't over three feet long.

Lots of good home workshop projects can be carried out just as successfully on a small workbench, or table fixed up like one. One ingredient most of them have in common—a tough, durable working surface, usually Masonite Tempered Presdwood, which is popular for this use because it's been found so satisfactory in industrial workbenches. If and when it wears out, just remove it and attach another sheet of the material, available at most lumber yards.

Even an apartment can have a workbench of the type illustrated. A portable one, which fits over a kitchen table when needed, is made by framing a panel of Tempered Presdwood with 1 by 2-inch lumber (on edge), so it will slip over the table. For padding, use an old blanket. Store the portable workbench top in a closet or utility room when it's not being used.

## COMBAT HEROES BACK OIL CONSERVATION

With the critical Suez situation underscoring their words, four of America's—and California's—most famed and decorated combat military leaders today joined in urging a "Yes" vote on Proposition 4, the important Oil Conservation Act. The Army's General Omar N. Bradley, upper left; Fleet Admiral Chester N. Nimitz, upper right; the Air Force's Lt. General James H. "Jimmy" Doolittle, lower left; and the Marine Corps' General Holland M. Smith, lower right, formed Proposition 4—which makes possible the doubling of California's productive oil capacity—"a true and widely beneficial conservation measure which is vitally important to the national security."

## Handy Jim's FIX-UP TIPS For the Home

### Woven Folding Screen

MANY uses exist in the home for a folding screen. This useful device may be made in the home workshop. An unusual design, which any craftsman can make, is illustrated.

The woven strips are Masonite Plywood or Duolux, a hardboard that's smooth on both sides.

Pliable yet strong, either material is interlaced between wooden dowels to achieve the pleasing effect shown.

Top and bottom pieces of each panel are grooved to receive the hardwood strips.

Full details of construction are given in a free plan which also explains how an opening may be left in one of the panels to fit the picture tube area of a television set. Other uses for a screen with an aperture will occur to all. For example, the screen could be used to shut off a room with a sleeping baby. Without moving the screen, the mother could peek through the curtained opening to check up on the child. Youngsters could use the screen for "playing store."

To obtain the free plan, send a postal card to the Home Service Bureau, Suite 2037, 111 W. Washington St., Chicago 2, Ill., requesting "Six Home Workshop Projects," by Craft Patterns.

"The Solid Gold Cadillac," the satirical comedy about a little stockholder in a big corporation, which was one of the biggest New York stage hits for 526 performances, is the current attraction at the Old Globe Theatre in Balboa Park.

A delightful spoof of big business, politics, TV commentators, newspaper reporting, the theatrical world and assorted other subjects, "The Solid Gold Cadillac" will be given nightly, except Mondays, at 8:30 through Oct. 21.

### PL Units, League Of Women Voters To Hear Arguments On Propositions

Continuing a study begun last month, Point Loma units of the League of Women Voters will hear arguments for and against the 19 State and seven local propositions on the November ballot.

The day unit will meet at 9:30 home of Mrs. Robert Griffin, 3336 Yonge. The pro and con discussions will be led by Mrs. John Atwood, with Mrs. Griffin supplying resource material.

Mrs. David Cherry will be hostess when the evening unit meets at her home, 2174 Clove, at 7:45 p.m. Wednesday, Oct. 10. Discussion leader, Mrs. Keith Abbey will be aided by Mrs. Dougall Reith.

Guests are welcome at both meetings.

The League of Women Voters of California has taken a definite stand on four of the 19 State ballot measures. It supports Proposition 2, School Bond issue; Proposition 8, Legislative Budget Session, and Proposition 14 relating to legislative employees.

Branding Proposition 10 as ambiguous, unnecessary and weakening to the state personnel system, the League opposes this measure which deals with contracts between the State and private architects and engineers.

Opposition or support of specific ballot measures is based on principles of government agreed upon after study by League units throughout the state.

## Game Room-Guest Room

AN UNUSUAL wall installation provides game room facilities along with a guest closet and a combination desk and vanity. Modern and attractive, the various units may be used separately or in combination.

As shown in the left of the illustration, the game room-guest closet gives little clue as to its real purpose. A functional door, about 8 inches thick, has storage behind sliding panels of Masonite Ridgeline, and the closet interior is outfitted with "Peg-Board" panels and fixtures.

Behind the central closed swinging doors, made of a new hardboard known as Panelply, are space for a TV set and books. At the right is the combination desk and vanity, including nicksack shelves.

Each of the three units can be built in the average home workshop. The principal materials are lumber and Masonite hardboards, the versatile do-it-yourself materials that come in a variety of finishes and sizes. They are available at lumber yards.

A free plan detailing the construction in diagrams, sketches, cutting diagrams and bill of materials may be obtained by sending a postal card to the Home Service Bureau, Suite 2037, 111 W. Washington St., Chicago 2, Ill., and requesting plan No. AE-327.

## Why the Oil Conservation Act will

## KEEP GAS PRICES DOWN

● Why does Oil Conservation mean gasoline price protection for motorists?

● Why will Proposition 4, the Oil Conservation Act, help keep gas prices down?

—Because conservation of California's irreplaceable oil resources means stopping waste in the production of oil. **It means getting every last drop of oil from the ground that it is possible to get by modern, scientific recovery methods.**

—Because Proposition 4—by providing urgently needed Oil Conservation legislation—**will double the production of oil from California fields.**

—Because a plentiful supply of low-cost California oil is the **best possible guarantee against drastic increases in the service-station price of gas.**

IF YOU DRIVE A CAR, you are vitally concerned over the price of gasoline.

There are **three pressures** operating today in the direction of increased prices of gasoline. They are:

1. Greater expenditures by both the Federal and State governments for improved highways and freeways—**financed by higher taxes on every gallon of gas you buy.**

2. The Suez Canal crisis and Middle East unrest—foreshadowing demands on American oil to fill Western European needs.

3. The constantly increasing horsepower of automobile motors—requiring gasoline with higher and higher octane content.

The great, pocket-book importance of Proposition 4 to motorists is that it will provide an important counter-pressure to these rising price trends—by greatly increasing the supply of low-cost California crude oil.

● **THESE COMPANIES SERVE THE MOTORIST:** The major, integrated oil companies (with only one exception)—**the companies that not only produce oil, but refine it and distribute it to the public—support Proposition 4.** Their interest is in volume production and distribution of gasoline at reasonable prices.

● **THESE COMPANIES DO NOT SERVE THE MOTORIST:** On the other hand, **the interest of the large-scale, multi-million dollar "independents" who are opposed to Proposition 4 is in higher prices.** They are simply producers of crude oil and do not serve the motoring public. **They are currently agitating for higher prices for crude oil.**

● **THE MOTORIST'S INTEREST, THE PUBLIC INTEREST, YOUR INTEREST—CLEARLY IS IN BOOSTING SUPPLIES OF LOW-COST CALIFORNIA OIL, AND KEEPING GASOLINE PRICES DOWN, BY ENACTMENT OF PROPOSITION 4.**

Have you read "The Case of California's Disappearing Oil"? Ask for it at your service station or news stand.

### O. B. Woman Named CD Coordinator

MRS. MYRTLE ORRICK

An Ocean Beach woman has been honored by the State American Legion Auxiliary and the California Civil Defense organization for work in behalf of civil defense in this area.

Mrs. Myrtle A. Orrick, 4542 Bermuda, was named Civil Defense Coordinator of Women's Activities for San Diego and Imperial Counties by Stanley Pier-

son, State Civil Defense Director.

The local woman's work first attracted the attention of Henry S. Eaton, coordinator of Region 1, State Civil Defense, in Los Angeles. He recommended her appointment to the sector women's activities post.

## HEALTH FOR ALL

Heaven will protect her, according to the old song, but many a mother lies awake nights worrying about her little girl who's just starting out in the business world. Is she getting enough sleep? Is she eating right? Probably she isn't. Mother has reason to worry. Many a young girl away from home for the first time begins her new career by breaking the rules of health she's been taught at home. She doesn't order spinach at the drug store lunch counter.

Recently a metropolitan firm which employs large conveyors of young girls as clerks and stenographers decided to set up a company blood bank. The girls responded bravely, but were turned away by the dozen. Amiable. Mild in most cases. Easily corrected. But a strong symptom of poor eating habits.

Most girls have enough sense to get back on the beam when poor nutrition begins to show in loss of energy, in dull hair and skin. They like to be pretty. And after all, early habits and training do have an influence in the long run. For those who don't get back to sensible eating fast, there's trouble ahead.

Poor health habits—particularly poor eating habits—are an invitation to tuberculosis. It's especially important for girls who go to the city from small town or country homes where they have built up little or no immunity to TB to be on their guard against this tragic disease.

Whether they are looking forward to successful careers, or looking for husbands, young women need glowing health to make the grade. Today, because of better living and working condi-

tions tuberculosis does not take the terrible toll of young working girls that it did in the sweatshops of a generation ago.

With modern treatment, most cases can be cured. But even today, TB a preventable disease, wrecks many happy plans for the future. It's just plain silly for a girl to jeopardize health, beauty, and future happiness for the "fun" of breaking the rules.

(This column is sponsored, in the interest of better health, by the San Diego County Tuberculosis and Health Association and the Peninsula News.)

Five Peninsula area youngsters are in the cast of "Robin Hood," first major production to be presented this season by the San Diego Junior Theatre.

They are Phil Clark, Ralph Bonacker, Ann and Diane Kristell and Mike Feldman.

Richard F. Lustig, Junior Theatre president, said that rehearsals already promise the children of San Diego an exciting adventure into the green and shady depths of Sherwood Forest.

**WASHINGTON AND "SMALL BUSINESS"**  
By C. WILSON HARDER

All politicians worry public apathy over forthcoming election may result in a light vote.

Grass roots reports indicate lack of important issues between two parties is creating apathy. According to one wit, "The big debate seems to rage over whether Dean Acheson was more smartly attired Secretary of State than John Dulles."

It lack of excitement over the Big Show draws a light vote that will C.W. Harder be reflected in many Congressional contests, it could be very unfortunate.

For there are indications results of many Congressional contests could determine if nation continues toward socialism.

Congressman R. Gwinn (N.Y.) sums up issue by saying, "We must be all socialist, or all free. There can be no co-existence—half socialist—half free. We can't even be one-quarter or one-tenth socialist and remain static at that point."

Rep. Gwinn points out how federal government, by exercising control over commodities, and by various tax supported schemes, has developed socialism in American business and agriculture.

He says U. S. foreign aid schemes have now taken \$1500 from average American family.

"Yes," he points out, "this does not satisfy the socialist foreign governments to whom it is paid. They want it doubled. The political party or parties out of power scold us for financing parties in power and keeping

them out. Imagine how mad Americans would be if Great Britain had spent \$4 billion to help Harry Truman stay in power and keep Republicans out."

The people have been sold, he says, on belief unless federal government supplies money for all purposes, nothing can be done.

Proposed federal aid to public schools is cited as case in point. New York, Pennsylvania, Ohio, Illinois, Michigan and California would pay 51.6% of the taxes, get back only 35.7%. But Mississippi would get back \$8 for every \$1 put up by state.

In fact, he reports, federal method of determining school needs was ridiculous. No local school board, or local parent organizations were asked about their local school needs. Instead, Washington asked school superintendents, "What are your classroom needs, assuming, of course, the federal government may pay for them, or part of them?"

Results of this top-downed plan were so astounding that even the Washington bureaucrats cut the figure in half to avoid ridicule. And no one today knows if all the auditions and gymnastics requested of Washington are needed or not. Yet, the bureaucrats did their best to get the money out of the last session of Congress.

Thus, if people have feeling it makes little difference who wins the presidential election and thus fail to vote for their Congressman, it could have serious results.

The course of the American system for the next four years could be largely determined by local Congressional elections, because in both parties there are men fighting the trend toward socialism of America.

**Newcomers Club Luncheon Planned**
